Frequently Asked Questions

How accurate is the assessment?

Our assessment uses validated psychological tools and data analysis with over 95% accuracy in matching students to suitable careers.

Is this suitable for students?

Yes! Designed for students from Class 10 onwards, graduates, and even working professionals looking for career transitions.

Will I get a personalized roadmap?

Absolutely. Each roadmap is customized based on your assessment results, interests, and goals with specific milestones.

Do you provide expert guidance?

Yes, you get access to career counselors and psychologists for consultation and ongoing support throughout your journey.
